Sea rises to-morrow at 6:01; sun sets 5:50. High water 5:32 a. m. and 6:02 p. m.

WEATHER PROBABILITIES.—For this season Saturday morning; cooler at night; westerly winds becoming north-westerly.

PARALYZED.—The many friends of Mr. J. D. H. Lunt were shocked and grieved to learn to-day that that gentleman had sustained a stroke of paralysis, and that while there are reasons to hope that his condition is not critical, it is at the same time serious and is giving his relatives and friends considerable apprehension. Mr. Lunt arose this morning apparently in his normal condition, and was in the act of putting on his shoes when his wife noticed a slight contortion of his face, and before she could inquire of her husband the cause he fell forward on his face in an unconscious condition. Dr. O'Brien was immediately summoned and upon his arrival succeeded in restoring Mr. Lunt to consciousness. He has since remained in a semi-conscious state. The examination which the doctor made showed that Mr. Lunt had been stricken with what is known as cross-paralysis, and that his entire right side was affected as well as the left side of his face. Of course, it is impossible to say at this early stage of the stroke how serious it may prove, though there are indications in the case which give rise to hopes that the stricken man's condition will eventually undergo improvement. Mr. Lunt has been a slight sufferer from cardiac troubles for some time, and it is supposed the paralysis has been superinduced thereby. He has recently entered upon the discharge of the duties of City Treasurer, having been appointed to succeed Mr. M. B. Harlow. His many friends sincerely regret the misfortune which has overtaken him and hope for his speedy restoration to health.

A FOUNDLING.—About nine o'clock last night while a colored man named Addison Wilson was walking at the top of the hill on the road leading to Hunting creek bridge he heard the cry of an infant in the ravine at that point. He called the attention of others to the babe's cries, and upon proceeding to the gutter a colored female infant was found apparently about a week old with its clothing very wet and exercising its lungs at a furious rate. Wilson went to the station house and reported the matter, and Captain Webster sent Officer Grady to look after the foundling. Before he reached the spot, however, Officers Jones and Ticer had been apprised of the discovery and had taken charge of the little one. Some good white people in the neighborhood subsequently took it into a house and changed its clothing. The child was very cold and apparently half-finished. It was later taken to the station house and turned over to Georgiana Day, the charwoman at police headquarters, and this morning a young colored woman named Carter begged that the young one be given to her, and she took charge of it.

THE EQUINOX.—Autumn began this afternoon at 2:49 o'clock at all points north of the equator, and spring at all points south of that imaginary division line. At that hour the autumn equinox, or the crossing of the sun over the line of Libra, occurred, and the day and night are of equal length. To-day the earth passes that part of its orbit known as the ecliptic, which is cut by the equinoctial. This latter is an imaginary line in the heavens where the plane of the earth's equator, if extended outward, would cross it. The weather bureau reports that a light rain storm may arrive during the night or to-morrow, as one is now coming down from the northwest, but it will be a warm rain. In a few days, however, the weather will grow cooler, and fall will set in. The weather this month has been very pleasant, and the mean temperature will probably be slightly higher than for some years past.

PERSONAL.—Rev. Dr. Sprigg, formerly of this city, has returned to Richmond, and will on Sunday next officiate for the last time as rector of Moore Memorial church. Miss Cora B. Smith, daughter of Gen. J. E. Smith, and Mr. James D. Reardon, of Washington, were married on Wednesday at Epiphany Chapel. Rev. A. M. Hilliker officiated. Only the immediate family were present. Mr. F. J. McWilliams, who has resigned his position in the Mt. Vernon Electric Railway Company, was book-keeper, not treasurer, of that company as stated yesterday. Mr. L. Marbury left to-day for Richmond to attend the meeting of the State democratic executive committee.

POLICE COURT.—Major Strauss presiding.—The following cases were disposed of this morning: Wm. Tevell, colored, arrested by officers Jones and Ticer at the instance of Martha Stokes, colored, who charged him with assaulting her, was fined \$7. Wm. Carter, colored, charged with disorderly conduct, had his case continued. A man for peddling without a license was fined \$3. A colored woman named Little, charged with disorderly conduct, was fined \$2.50.

Report.—Last night was clear and mild until about 4 o'clock, when it became cloudy. One prisoner and one lodger were at the station house.

CONCERT.—The concert to be given on Monday night at the Opera House under the auspices of the Relief Hook and Ladder Company promises to be one of the finest ever given in this city. The programme will be rendered by the best talent of this city and Washington, and will consist of comic and dramatic recitations, vocal quartettes, instrumental and vocal solos, bango specialties, and music by a band of fifteen pieces. Tickets are selling rapidly and everything points to a pleasant evening.

COUNTY LAND SALES.—The following sales of county real estate have recently been made: H. M. Smith to Josephine Buchanan, a lot near Hall's Hill, for \$190. The North West Alexandria Improvement Co. to R. P. Spencer, a lot in North West Alexandria, for \$700. Europa I. Chase to Flora B. Schaaff, a lot in Carlin's Springs, for \$100.

OPERA HOUSE.—"Dr. Bill," the comedy to be presented here Wednesday night, has a funny plot—the dialogue is harmonious and above all it is in the hands

of an excellent company. It is founded upon a slight story, but it is a probable one, and the plot is developed in three acts. Its situations are ingenious and ludicrous and the entire play is one of the least objectionable on the stage.

MR. MONROE WAS SHOT.—A letter was received in this city to-day stating that Mr. Geo. O. Monroe, formerly of this city, was shot during the riot at Roanoke on Wednesday night. He was struck in the back of the head by a spent ball while on his way to his office, but was not dangerously wounded. The ball inflicted only a scalp wound, which bled freely, and Mr. Monroe's doctor expects that he will soon be about again.

If you want a neat little home on easy terms, attend the auction sale on Monday afternoon at 3:30 south Patrick street.

CHARTER.—Judge Norton to-day granted a charter to a company to be known as Copp & Company, the objects of which are to do a general printing and publishing business. The capital stock is to be \$25,000, divided into shares of \$5 each, and the principal office is to be in this city, with Dabney Herndon as agent. H. N. Copp, of Washington, is president, and H. B. Gilbert, of this city, secretary.

NATIONAL UNION.—At the meeting of the National Union held last night the officers elected last Thursday night were installed by Messrs. Briggs and Durken, who officiated in the absence of Mr. H. T. Brian, president of the National Union, who was unable to be present. Applications were received from ten new members.

See the house on Patrick street that is to be sold at auction on Monday. It will be either a good investment or a comfortable home for you.

LOCAL BREVITIES.

The fall term of the Circuit Court of this city, Judge Keith, will begin on Monday.

Mr. John McCormick, formerly of this city, died at Suffolk on Saturday last, aged 73 years.

A marriage license was issued in Washington yesterday to Edward C. Hoffman of Alexandria county, and Henrietta Henderson of Fairfax county.

Intelligence has been received here that two of the children of Mr. James Morris, of Brunswick, Ga., a brother of Mr. M. R. Norris, of this city, are ill with yellow fever.

Mr. S. C. Payne has been awarded the contract for papering the Aldermen's and Common Council chambers in the City Hall, and Mr. J. A. Higgins for painting the wood work in those chambers.

The alarm of fire about 6:30 o'clock last night was caused by a slight fire in a small house on Pitt street, near Princess, occupied by colored people. The flames were extinguished with a few buckets of water before any damage had been done.

A vessel load of sand for the manufacture of glass having arrived, the new glass factory at West End will commence operations at once. The works will be confined to turning out bottles and phials. Fires were started in the furnaces to-day.

The steamer Pilot Boy broke her crank pin yesterday evening, necessitating her withdrawal from the ferry line and her place is being supplied by the steamer W. W. Coit. The disabled steamer is now at the wharf of Mr. W. S. Moore, where the necessary repairs will be made.

The committee on studies and discipline of the City School Board held a meeting last night and recommended the adoption of several text books for use in the public schools. The committee also made some preliminary preparations for the establishment of a musical branch to the public schools.

In the Court of Appeals of the District of Columbia yesterday in the case of Woods vs. the Richmond and Danville Railroad Company the appeal was dismissed with costs and the cause was remanded. In the case of James M. T. Gleason vs. the Virginia Midland Railroad Company judgment was affirmed with costs.

While several gentlemen from this city were on their way home from the Fairfax fair last night and when near "Gooding's" some one fired a pistol in the woods near the road. This gave rise to a report that the Alexandrians had been shot at, but this is not believed, and it is more than probable that the shooting was done in a spirit of fun.

Invest your savings in a home and stop paying rent. Attend the auction sale on Patrick street Monday next.

MONETARY AND COMMERCIAL.

Business appears to be gradually improving and money affairs are becoming more settled. In New York yesterday money on call was easy, ranging from 2 to 3, last loan at 2½ and closing offered at 2½. Prime mercantile paper 7½ per cent. Time loans on prime collateral 6 per cent. In Baltimore there is a steady demand for discount accommodation which is supplied at the ruling 6 per cent. rate. In State securities the sales were \$7,500 Virginia Century 2-3s at 53 and 52½; \$21,000 Virginia new 3s at 65 and 65½. Railroad stocks were inactive and little is doing in local shares.

NEW YORK, Sept. 22.—Speculation at the Stock Exchange this morning opened quiet. The market was very irregular in its course but the variations in prices during the first ten minutes of business were slight. At 11 o'clock the market was weaker owing to the fact that one of the Canadian banks advanced the posted rates of sterling exchange to 4.85 and 4.87½.
